PACK AND SHIP
POWERED BY SHIPRUSH

Pack and Ship provides improved workflow for your packing station with seamless integration to UPS, FedEx and USPS for Microsoft Dynamics® GP

FUNCTION

Pack and Ship, powered by ShipRush provides improved workflow for your packing station and seamless integration for UPS, FedEx, and USPS. The user has a rich, common user interface across all three carriers. *Pack and Ship* comes bundled with our *Operations Core* module, providing the same order management and fulfillment capabilities you get with our powerful WMS integrations.
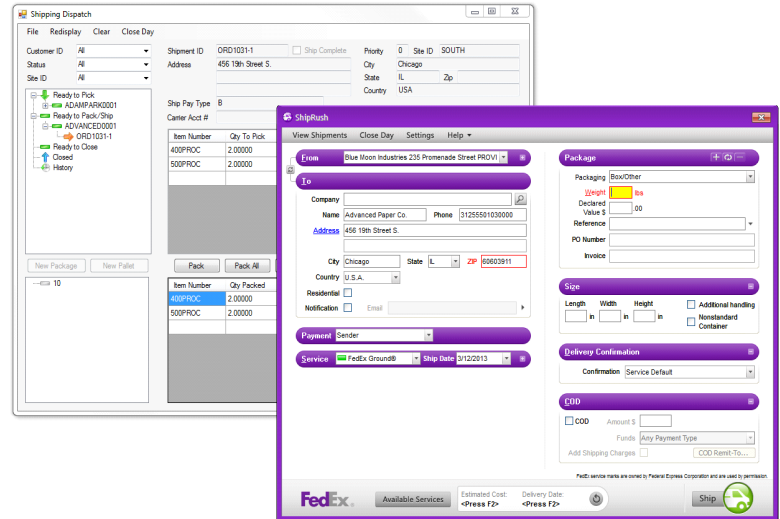

IMPACT

With *Pack and Ship,* you can manage your order dispatch for picking and packing and see the status of all orders at a glance. Automatic update of the fulfillment in Dynamics® GP reduces effort and errors in the back-office.

FEATURES

- Manual or automatic release to warehouse managed by SOP Type ID
- Dispatch window allows efficient management of picking assignments and intuitive display of order workflow
- Consolidated packing and shipping functionality
- Rate Shopping
- Seamless integration with FedEx, UPS, and USPS
- Automatic update of orders in GP
- Detailed shipment inquiry
- Warehouse users do not require GP user license
- Integrates with *SOP Auto Invoice*

Contact your Microsoft Dynamics® GP partner and discover how *Pack and Ship, powered by ShipRush* can work for your organization.
