SOLVING BUSINESS PROBLEMS

Take your first step towards going paperless with DocLink! By eliminating manual processes for many day-to-day tasks, you'll benefit by better communications with your customers, vendors and employees.

1

DISPARATE BUSINESS DATA CAN'T FIND DOCUMENTS

DocLink brings all types of documents and data into one central repository that's easy to access (you don't have to be in your ERP). Our robust solution digitally captures any document for any process, allowing you to eliminate storage silos and search and retrieve whatever you need.

2

INEFFICIENT WORKFLOWS TOO MUCH TIME COMPLETING TASKS

DocLink provides powerful, configurable workflows that allows you to control your processes through automation. From invoices that arrive at various locations to PO processing or putting HR applications through a review process, anything is possible to create and automate.

3

LACK OF VISIBILITY CAN'T SEE WHAT'S IN PROCESS

DocLink provides the visibility you need to more closely monitor workflow statuses and track pending documents stuck in workflows. This allows to you take advantage of early pay discounts, manage audit trails of changes from your team, improve financial reporting, and streamline accounting regardless of multiple locations or even multiple departments.

4

OPERATIONAL INEFFICIENCIES PAYMENTS DELAYED, STAFF INEFFECTIVE

DocLink can help streamline essential tasks throughout your organization, from data entry and payments and approvals, to reconciliations and matching. You can also support a mobile and remote workforce by giving them the ability to capture, access, approve and send documents no matter where they are working.

OUR DOCLINK SOLUTION

Our seamless integration to your Dynamics ERP guarantees **ease of use** and **efficiency** for your entire team.

Document Management

Overcome inefficiencies and effectively manage and track your digital documents wherever they are. Manage data better with an effective and holistic management solution that works with you every step of the way.

Smart Forms

DEPLOYMENT OPTIONS

YOU HAVE CHOICES WITH DOCLINK

Altec offers the flexibility you need now, and in the future, to keep your teams operational in any situation. Whether your organization is moving everything to the cloud, keeping everything on-premise, or a mix of both, DocLink has an option for you. Implementation and training can be completed either on-site or remotely.

On-Premise

- Purchase DocLink with a perpetual license or with an annual subscription.
- Install DocLink on your own in-house servers.
- Your IT department has complete control over installation, maintenance and support.
- Easily integrate to other on-premise applications.

Cloud

- DocLink Cloud is purchased as an annual or multi-year subscription. No up-front costs are required for hardware.
- DocLink is regularly updated as part of an active subscription with Altec, who manages the infrastructure and application.
- Your IT department no longer has to manage your software or servers.
- Utilize web services to integrate with other applications.

Hybrid

- Purchase DocLink with a perpetual license or with an annual subscription.
- DocLink is installed and configured just like an on-premise deployment but the solution resides in a hosted data center or private cloud managed by your third-party hosting service or reseller.
- You manage DocLink and your hosting partner manages your infrastructure including software updates and patches.
- Utilize either web services or standard on-premise integration framework.

DEPARTMENT PROBLEMS WE SOLVE

ACCOUNTS PAYABLE

DocLink brings greater financial control to managing payables processing from receipt of vendor invoices to payment. You can leverage your existing Dynamics ERP data to automatically and accurately index documents. You can also view documents next to their captured details and minimize tedious data entry. Match purchase orders, receivers, and vendor invoices easily for quick reconciliation and resolution.

COSTS

SELF-SERVICE DOCUMENT ACCESS

Assign security permissions so employees only have access to specific documents. Searchable via desktop and mobile, these documents will no longer be lost in filing cabinets or offsite storage.

STREAMLINED APPROVAL FOR TIMELY DELIVERY

Eliminate delays and late penalties by allowing approvers to respond in-office or remotely. Approvers can approve, deny, and add notes to invoices; enter approved GL account codes with ease; and view all supporting documents.

ELIMINATE FILING & MINIMIZE DATA ENTRY

Regardless of how a solution gets into your business, safely capture and index its data automatically. Our solutions get that information through email, fax, scan, barcode, and optical character recognition (OCR).

The one thing that we absolutely loved was online approval, and being able to set documents in appropriate queues with the click of a button. We no longer worry about documents languishing on approvers' desks.

SALES ORDER PROCESSING

DocLink brings greater control and visibility to the sales department from the initial receipt of a customer purchase order to the signed proof of delivery. Automated workflows can be designed to speed the process of receiving and processing orders.

EASY ACCESS FOR BEST CUSTOMER SERVICE

The ability to serve customers is greatly enhanced by having all documents (POs, quotes, etc.) available in one place. The customer experience is improved through quick response time and accurate documentation.

REDUCED CYCLE TIMES

If approval is required, these documents can be routed through workflow for electronic approvals. DocLink also automatically links related documents, eliminating the need to print, copy, distribute, and file paper.

SEAMLESS ERP INTEGRATION

All documents are seamlessly captured as they are entered into or generated by ERP software, and indexed and stored in DocLink with the transaction's data. View documents side-by-side as you work.

HUMAN RESOURCES

HR has traditionally been a department mired in paper, managing resumes, applications, benefit forms, W4's, I9's, employee reviews, and payroll stubs,. DocLink can bring greater control, visibility and security of employee documents to HR, securely storing personnel files and managing employee processes from hire to departure.
